NAVY DEPARTMENT

BUMED NEWS LETTER

a digest of timely information

EDITORS - CAPTAIN W. W. HALL, (MC) U. S. N.
COMDR. F. R. BAILEY, (MC) U. S. N. R.

BUMED NEWS LETTER INDEX

Volume 3, Numbers 1 - 13

from

January 7 through June 23, 1944

* * * * *

ABANDON SHIP, training film, 4:17
 ABBREVIATIONS, authorized, 10:16
 ABDOMEN, blast injuries to, 13:19
 wounds of, 1:7
 ABSCESS, amebic, 7:27
 ACCLIMATIZATION, salt conserva-
 tion in, 12:12
 ACRYLIC RESINS, filling material
 for teeth, 10:14
 ADAPTOMETER, instructions for
 use, 9:27
 AGRANULOCYTOSIS, thiourea in,
 6:9
 ALBUMIN, serum, distribution and
 use of, 13:35
 serum, use in the Navy, 11:4
 use with plasma therapy, 8:4
 ALLOTMENT, expenditures, report
 of, 4:27
 ship medical department for 1945,
 6:26
 ALNAV, Navy Nurse Corps, 9:24
 rheumatic fever patients, trans-
 portation of, 7:11
 17th Naval District, establishment
 of, 8:20
 smallpox vaccination, 7:16
 war ballots by airmail, 10:14
 ALTITUDE, pneumothorax, effect
 on, 3:17
 AMEBIC ABSCESS, 7:27
 AMEBIC DYSENTERY, diagnosis
 and treatment, 7:24
 AMIGEN, amino acid preparation,
 3:1; 5:4
 AMINO ACIDS, protein balance,
 maintenance of, 3:1; 5:4
 AMMONIA, urinary, source of, 7:6
 AMPUTATIONS, British report on, 1:4
 emergency, 6:22
 management of, 8:30

ANESTHESIA, intravenous, 1:12
 pentothal, 11:10
 spinal, 1:14
 ANTICOAGULANTS, therapy with, 8:6
 APPENDECTOMY, convalescence
 after, 11:14
 APPENDICITIS, acute, non-operative
 treatment, 2:6
 ARMS, blood pressure differences
 in, 1:20
 ARROWHEAD SPRINGS, CALIF., con-
 valescent hospital, 10:29
 ARSENOTHERAPY, reactions to, 10:7
 ARTIFICIAL RESPIRATION, Eve
 method, 10:9
 ASCORBIC ACID, function in man, 6:9
 ATABRINE, Quinine, relative ef-
 ficiencies, 11:1
 suppressive therapy, 9:1
 BACILLARY DYSENTERY, diagnosis
 and treatment, 7:24
 sulfonamides in, 5:10
 terminology in, 5:9
 BACILLI, dysentery, type identifica-
 tion of, 13:4
 BACTEREMIA, penicillin in, 2:19
 BACTERIA, air-borne, control of by
 floor-oiling, 7:12
 dust control of, 11:8
 BEANS, soy, as food and vitamin
 supply, 4:6
 BED SORES, protein deficiency,
 relation to, 7:6
 BENDS, treatment of, 10:4
 tissue susceptibility in, 10:3
 BENZEDRINE SULFATE, procure-
 ment, dosage and effects, 1:26
 use of, 1:25
 BIOLOGICAL PRODUCTS, storage
 of, 9:19
 BLACK WIDOW SPIDER, bite, 12:14

NOTE: Figures indicate number and page in Volume III.

For example: Bleeding, control of, 1:3 indicates that this item will be found on page 3 of Number 1 in Volume III.

BLAST, immersion, 13:19
 pressure, 3:13
 underwater, 8:17
 BLEEDING, control of, 1:3
 BLOOD, copper sulfate technic
 adopted by Red Cross, 9:6
 determination of sulfonamide
 concentrations in, 8:10
 dried plasma, report of analysis
 of, 2:10
 gastrointestinal, not pyrogenic,
 10:8
 whole, transfusions, treatment of
 casualties, 6:7
 BLOOD AGAR, dehydrated base for,
 1:17
 BLOOD PLASMA, Red Cross donor
 service, 3:18
 BLOOD PRESSURE, differences in
 arms, 1:20
 effect of plasma on, 9:14
 BORIC ACID, toxicity of, 12:10
 BRAIN, infections, chemotherapy of,
 12:10
 sulfonamides, effect on, 3:12
 BRITISH SURGERY, middle east, 1:3
 BUMED ORGANIZATIONAL CHANGES,
 1:20
 BURNS, boric acid toxicity in, 12:10
 minor, local treatment of, 6:4
 oil, removal of from, 6:3
 therapy of, 6:22
 toxicity of medicaments for, 13:21
 CAISSON DISEASE, 10:4
 CALCIUM & SODIUM PENICILLIN, 8:3
 CARBOHYDRATES, convalescent diet
 and, 3:1
 CARRIES, dental, relationship to sali-
 vary amylase, 11:22
 CAST, Plaster of Paris, technic of
 application, 2:3
 CASUALTIES, flamethrower, reports
 desired on, 8:23
 pathology of, 11:9
 whole blood transfusion in, 6:7
 CATARRHAL FEVER, influenza and,
 1:1
 CELLULITIS, penicillin in, 2:22
 CEREBROSPINAL FEVER, fulminat-
 ing meningococemia, 7:9
 CHEST WOUNDS, treatment of, 1:6
 CHLORINATED DIPHENYL ETHANE,
 louse control with, 2:8
 CHLORINE, treatment of casualties
 from, 3:20
 CHOLECYSTECTOMY, convalescence
 after, 11:15
 CINNABAR, dermatitis, cause of, 10:11
 CIRCA 42, itch remedy, 8:18
 CIRCULATION, convalescence and,
 11:18
 CLEANING, salt water, use of in, 2:5
 CLOSTRIDIAL MYOSITIS, gas gan-
 grene, new term for, 8:20
 CLOTHING, special, for various
 zones, 5:19
 COAST GUARD, medical care of
 personnel, 7:19
 CODE, condensation, for dispatch
 orders, 10:24
 COLDS, oral vaccines for, 5:7
 COLLOIDAL GOLD BOTTLES, re-
 turn of empties, 9:16
 CONSTRUCTION BATTALIONS,
 formation of Sanitary Section
 in, 2:11
 CONVALESCENCE, early activity
 in, 11:13
 hospitalitis in, 7:1
 nitrogen balance, importance of
 in, 5:4
 nutrition in, 3:1
 reconditioning in, 2:1
 CONVALESCENT HOSPITAL, Arrow-
 head Springs, Calif., 10:29
 CONVERSION FACTORS, sulfona-
 mides, 8:14
 COPPER SULFATE, technic adopted
 by Red Cross, 9:6
 CORONA NAVAL HOSPITAL, rheu-
 matic fever patients, 9:7
 CRUSH SYNDROME, studies on, 13:13

- CYANOGEN CHLORIDE, treatment of casualties from, 3:20
- DARK-FIELD EXAMINATION, lymph nodes in syphilis, 11:9
- D.D.T., insecticide, 7:8
- louse control, use in, 2:8
- DECOMPRESSION, effect on fat tissue, 10:3
- DECOMPRESSION SICKNESS, treatment of, 10:4
- DECONTAMINATION, liquid vesicant gases, 4:24
- DEFENDERS, ear, availability of, 12:16
- DEHYDRATED BASE, "combination" blood agar and, 1:17
- DENGUE FEVER, Hawaiian epidemic, 13:10
- Honolulu, reports of cases in, 1:28; 3:19; 4:23; 8:22; 9:22; 12:19
- DENTAL CORPS, examination for appointment in, 13:29
- DENTISTRY, acrylic resins as fillings, 10:14
- dental corps, examination for, 13:29
- fluorine in, 3:17
- handpieces, care of, 9:15
- heat as cause of operative pain, 11:22
- prosthetic treatment, patients not ready for, 12:27
- prosthetic treatment, report of, 8:26
- root and infection location, method for, 9:15
- salivary amylase and caries, 11:22
- sulfonamide compounds in, 11:23
- DERMATITIS, manzanillo, 12:16
- mercury hypersensitiveness, 10:11
- DETERGENTS, liquid petrolatum for removal of fuel oils, 6:3
- toxicity of in wounds and burns, 13:21
- DIABETES, experimental, alloxan, 6:12
- DICUMAROL, anticoagulant therapy with, 8:6
- vitamin K as antidote for, 13:11
- DIET, convalescent, 3:1
- self-selection of, 4:5
- wounded and, 1:3
- DIMETHYLPHTHALATE, insect repellents, 13:1
- DIPHThERIA, recognition and control, 9:2
- DIVING MANUAL, revision of, 12:19
- DRIED PLASMA, reports, analysis of, 2:10
- DUODENOGASTRIC PHYSIOLOGY, duodenal ulcer and, 4:8
- DUST, control of, 11:6
- DYSENTERY, diagnosis and treatment, 7:24
- DYSENTERY BACILLI, type identification of, 13:4
- EAR, defenders, availability of, 12:16
- injury to by loud tones, 6:12
- penicillin in diseases of, 13:6
- ELECTROCARDIOGRAPH, care of, 13:18
- ENCEPHALITIS, St. Louis, mosquito-transmitted, 3:12
- ENTERIC PATHOGENS, typing of, 6:14
- ERRATA, cutaneous test for sulfonamide hypersensitivity, 11:25
- penicillin-treated syphilitics at U.S. Naval Hospital, Bethesda, 9:16
- scrub typhus, 1:3
- ETHER, effect of on wounds and burns, 13:21
- intoxication from in powder-handling room, 12:15
- EVACUATION, wounded, 6:16
- EVE METHOD, resuscitation, 10:9
- EYES, optical repair units, 12:18
- penicillin in, 12:14
- FACE, traumatic injuries of, an atlas of treatment, 8:20
- wounds of, British treatment for, 1:6
- FATS, convalescent diet and, 3:1
- FEVER, sulfonamide hypersensitivity as cause of, 9:11
- FIBRINOGEN, dural substitute, 11:4
- nephrolithotomy and, 6:13
- FIELD LABORATORY, establishment of at Camp Lejeune, N.C., 8:21
- FIELD UNIFORM, hospital corpsmen, 11:25

FILARIASIS, 5:1

limited-duty for personnel with, 12:27

FILING CABINET AND DESK, design
for, 10:14

FILMS, medical, supplemental list
of, 5:16

teaching, for hospital corpsmen, 5:15

FISH JUICE, water from, 5:12

FLAMETHROWER, casualties, reports
requested on, 8:23

FLASHBURN, cream for, 13:9

FLIGHT SURGEONS, need for, 5:14

FLUORINE, dental caries and, 3:17

FOLIC ACID, granulocytopenia, 10:12

FOOD, rationing of by shipwrecked
personnel, 5:10

FOREIGN BODIES, removal of, British
report on, 1:3

FOREIGN DUTY, health certificate and
immunization required prior to,
13:46

FORM LETTER, adaptometer, instruc-
tions and program in re use of,
9:27

allotment expenditures, report of, 4:27

allotments, ship medical department,
6:26

amputations, 8:30

Army medical publications, list of
available, 11:29

benzedrine sulfate,
procurement of, 1:26
use of, 1:25

Coast Guard, medical care of, 7:19

convalescent hospital, Arrowhead
Springs, 10:29

damaged health records, disposition
of, 5:24

dental prosthetic treatment, report
of, 8:26

disabled Marines, disposition of, 12:30

dysenteries, diagnosis and treatment,
7:24

emergency medical treatment outside
U.S., payment for, 3:26

exchange patients, medical records
of, 8:27

FORM LETTER

field news publications for Army
Medical Library, 11:29

foreign duty, health certificate and
immunization required prior to,
13:46

form NAVMED HC-3, preparation
and submission of, 13:36

form NAVMED HC-4, preparation
and submission of, 13:42

gas casualties, prevention and
treatment of, 3:20

health records, disposition of, 5:24

life insurance claims and medical
records, 9:43

limited-duty personnel, malaria
and filariasis, 12:27

limited shore duty for BuPers en-
listed personnel, 9:41

malaria indoctrination, 3:29

medical abstract, duplication of,
3:28

Medical Department Manual,
cancellations in, 11:32

change in, 3:26

medical stores,

acceptance from civilians, 7:17

penicillin, 2:27

medical supplies and equipment,
requisitions for, 13:33

medical survey for enlisted person-
nel, 4:26

microscopes, issue of, to vessels,
3:26

officers awaiting hospital discharges,
utilizing services of, 13:46

penicillin,

gonorrhea and, 5:21

letter of information on use of,
2:15

reports, discontinuance of, 12:32

personal decontamination of liquid
vesicant gases, 4:24

plasma, distribution and use of, 7:23

pratique, instructions for granting
at Cristobal and Balboa, 5:22

FORM LETTER

- property surveys forwarded to
MatDiv, 10:30
- radar, not harmful to eyes, 10:30
- radium plaque adaptometer, instructions, 9:27
- Red Cross supplies, acceptance of, 7:17
- rehabilitation program, 10:27
- Research Unit #1, redesignation of, 5:22
- rheumatic fever patients, treatment of, 8:31
- serum albumin (human), distribution and use of, 13:35
- ship medical department allotments, 6:26
- spectacle prescriptions to be entered in health record, 5:26
- streptococcal diseases, control of, 6:26
- submarine service, physical exam for, 12:22
- uniform regulations, changes in, 9:24
- VD contact report,
 - addition to form of, 12:25
 - form and procedure for, 12:25
- venereal disease,
 - ambulatory treatment of, 13:34
 - leaflets, distribution of, 6:28
- vessel's sanitary condition, report of, 8:24
- weekly hospital report of patients, revision of, 5:26
- FORM NAVMED HC-3, preparation and submission of, 13:36
- FORM NAVMED HC-4, preparation and submission of, 13:42
- FRACTURES, penicillin in, 2:19
- FULMINATING MENINGOCOCCEMIA, treatment of, 7:10
- GALLEY, salt water in, 2:5
- GAMMA GLOBULINS, measles, for prevention and modification of, 11:4
- GANGRENE, gas, X-ray therapy in, 7:7
- GAS, mustard and lewisite, personal decontamination of, 4:24
- GAS BUBBLES, origin of in decompression, 10:3
- GAS CASUALTIES, prevention and treatment of, 3:20
- GAS GANGRENE, British treatment of, 1:3
 - "Clostridial myositis", new term for, 8:20
 - treatment of, 6:23
 - X-ray therapy in, 7:7
- GASTRIC PHYSIOLOGY, duodenal ulcer and, 4:8
- GASTRIC SUCTION, apparatus for, 11:24
- GASTROINTESTINAL TRACT, blood in, non-pyrogenic, 10:8
- GIEMSA STAIN, requests for, 7:14
- GLUTAMINE, precursor of urinary ammonia, 7:6
- GLYCOLS, floor oiling and, 7:12
- GOITER, substances producing, 4:9; 6:9
- GONORRHEA, penicillin in, 2:21; 5:21; 10:6
- GRAIN ITCH, prevention of, 1:18
- GRANULOCYTOPENIA, folic acid in, 10:12
- GRANULOMA INGUINALE, penicillin in, 5:8
- HANDPIECES, dental, care of, 9:15
- HEAD, injury, unconsciousness in, 1:19
 - wounds of, British treatment for, 1:5
- HEALTH, precautions, booklet on, 1:10
 - records,
 - disposition of, 5:24
 - damaged, disposition of, 5:24
 - removal of fuel oil from, 9:14
- HEAT, salt requirements in conditions of, 4:15
- HEMOGLOBIN, copper sulfate technic to determine level of, 9:6

HEMOLYTIC STREPTOCOCCUS,
treatment for, 1:8

HEMORRHAGE, shock from, sodium
ion therapy, 6:5

HEPARIN, anticoagulant therapy
with, 8:6

HERNIOPLASTY, convalescence
after, 11:14

HOSPITAL CORPSMEN, field uni-
form for, 11:25
teaching films for, 5:15

HOSPITALITIS, convalescence and,
7:1

HOST FACTOR, gonococcus infections
and, 5:8

HYDROCYANIC ACID, treatment of
casualties from, 3:20

HYPERSENSITIVITY, sulfonamide,
9:11
test for, 9:12

HYPERTHYROIDISM, thiourea and
thiouracil in, 6:9

HYPERVENTILATION SYNDROME,
4:4

HYPOPROTEINEMIA, bed sores and,
7:6

IMMERSION BLAST, injuries, 13:19

IMMUNIZATION, Army results, 10:8
overseas travel and, 6:1
typhoid, regulations in Army and
Navy, 3:16

INDALONE, insect repellent, 13:1

INFECTIOUS MONONUCLEOSIS, epi-
demic of, 4:13

INFLAMMATION, necrosin in, 4:12

INFLUENZA, immunity to, 2:10
1943 epidemic of, 1:1
vaccine for, 8:6

INFORMATIONAL BULLETINS,
availability of, 12:19

INJECTIONS, intramuscular, of oil,
2:3
intravenous, on shipboard, 13:18

INJURY, blast, 3:13; 8:17; 13:19
crush, treatment of, 13:13
head, unconsciousness in, 1:19
nerve, repair of, 6:3

INNER EAR, injury to by loud tones,
6:12

INOCULATION, overseas travel and,
6:1

INSECTICIDE, D.D.T., 7:8

INSECTS, repellents for, 13:1

INTOXICATION, ether in powder
handling rooms, 12:15

INTRASTERNAL TRANSFUSION, 1:10

INTRAVENOUS ANESTHESIA, 1:12

IODINE, water purification with, 10:10

ISOHEMAGGLUTININS, blood grouping
for, 11:4

ITCH, remedy for, 8:18

JAUNDICE, experimental, penicillin
in, 8:3

KIDNEY, urinary ammonia and, 7:7

KNEE, weakness in muscle of, 8:16

LABYRINTHITIS, penicillin in, 13:6

LEECHES, repellents for, 13:3

LEPTOSPIRA ICTEROHEMOR-
RHAGIAE, penicillin and, 8:3
possible ship epidemic of, 8:3

LEWISITE, personal decontamina-
tion of, 4:24

LIFE INSURANCE, claims and medi-
cal records, 9:43

LIFE JACKETS, Kapok vs. rubber,
13:19

LIVER, extracts, treatment of granu-
locytopenia with, 10:12

LOUSE CONTROL, D.D.T., 2:8

LYMPH NODES, aspiration dark-
field in syphilis, 11:9

MAGNESIUM, granulomata, 11:22

MALARIA, control by Seabees, 2:11
indoctrination, 3:29
limited-duty personnel with, 12:27
quinine conservation in, 11:1
suppressive atabrine therapy of, 9:1

MANCHINEEL, dermatitis from, 12:16

MANUAL MEDICAL DEPARTMENT,
cancelations in, 11:32
change #2, 3:26

MANZANILLO TREE, dermatitis
from, 12:16

MASTOIDITIS, penicillin in, 13:6

MARINES, disabled, disposition of, 12:30

MECHOLYL, subcutaneous use only, 2:12

MEDICAL ABSTRACT, duplicate of for overseas personnel, 3:28

MEDICAL CARE, Coast Guard personnel, 7:19

MEDICAL FIELD RESEARCH LABORATORY, establishment of, 8:21

MEDICAL SUPPLIES, acceptance of from civilian agencies, 7:17 requisitions for, 13:33

MEDICAL SURVEY, enlisted personnel, 4:26

MEDICAL TREATMENT, emergency, outside U.S., payment for, 3:26

MENADIONE BISULFITE, antidote for dicumarol, 13:11

MENINGITIS, mumps, 9:13 penicillin in, 2:20

MENINGOCOCCEMIA, fulminating, 7:20

MENINGOCOCCUS SERUM, omission from N.N.R., 3:11

MERCURY, preparations, hypersensitivity to, 10:11

METAL, wounds from, 11:22

METRIC SYSTEM, adoption of by A.M.A., 1:8

MICROFILM VIEWER, availability of, 2:12

MICROSCOPES, issuance of to ships, 3:26

MILITARY SURGEONS, Association of, annual meeting, 10:15

MILK, kits for pasteurization test of, 11:9

MONONUCLEOSIS, infectious, epidemic of, 4:13

MORALE, convalescence and, 11:21

MORPHINE, pilfering of, 8:20 poisoning, 8:15

MOSQUITOES, dengue and, 13:10 encephalitis transmitted by, 3:12 insecticide for, 7:8 repellents for, 13:1 vectors of filariasis, 5:1

MUMPS, meningitis and orchitis in, 9:13

MUSCLES, quadriceps deficiency, 8:16 scalenus anticus syndrome, 13:25 shock, in trauma of, 4:13

MUSTARDS, personal decontamination from, 4:24

NAVAL MEDICAL SCHOOL, correct address of, 11:8

NECROSIN, inflammation, 4:12

NETHERLANDS INDIES, epidemiology of diseases in, 12:19

NUPERCARINE, accidents from, 12:12

OBESITY, specific gravity an index of, 10:1

OIL, dust control, 11:8 injections of, 2:3 removal of from health records, 9:14 removal of from burns and wounds, 6:3

OILING, floor, in bacterial control, 7:12

OPHTHALMOLOGY, penicillin in, 12:14

OPTICAL REPAIR, units established for, 12:18

ORAL HYGIENCE, pyorrhea and, 7:10

ORAL VACCINES, colds, 5:7

ORAL WOUNDS, sulfonamide compounds in, 11:23

ORCHITIS, mumps and, 9:13

ORNITHOSIS, penicillin in, 8:2

ORTHOTOLIDINE, water purification and, 10:10

OSTEOMYELITIS, penicillin in, 2:19

OTITIS EXTERNA, sulfonamide treatment of, 11:12

OTITIS MEDIA, penicillin in, 2:22; 13:6

OTOLOGY, penicillin in, 13:6

PARADENTOSIS, treatment of, 7:10

PARENTERAL FEEDING, nutritional aspects of, 3:1

PASTEURIZATION TEST, kits for, 11:9

PENICILLIN, calcium vs. sodium, 8:3
 ear diseases and, 13:6
 gonococcus infections and, 5:21
 granuloma inguinale and, 5:8
 letter of information and instruction on use of, 2:15
 medical stores of, 2:27
 monthly reports, discontinuance of, 12:32
 ophthalmology and, 12:14
 ornithosis and, 8:2
 preservation of, 10:13
 relapsing fever and, 2:7
 sodium, dating period extended, 8:4
 stocks, full utilization of, 10:13
 syphilis and, 8:1
 ulcers, tropical, treatment of, 9:4
 venereal disease and, 10:6
 Weil's disease and, 8:3
 PENTOTHAL, anesthesia, 1:12; 11:10
 PETROLATUM, liquid, for fuel oil removal, 6:3
 PHOSGENE, prevention and treatment of gas casualties from, 3:20
 PHOSPHATASE PASTEURIZATION TEST, kits for, 11:9
 PHYSICAL EXAMINATION, submarine service and, 12:22
 PLAGUE, Azores, 3:19
 Belgian Congo, 1:28; 3:19; 5:14
 British East Africa, 5:14; 12:19
 Ecuador, 3:19; 5:14
 Egypt, 3:19; 5:14; 8:22; 9:22; 12:19
 Honolulu, T.H., 5:15; 9:22; 12:19
 Indochina, 2:13; 12:20
 Madagascar, 3:19; 5:15; 7:15; 9:22
 Morocco, 1:28; 3:19; 7:15; 9:22; 12:20
 Peru, 9:22
 Rhodesia, 7:15
 sulfonamides in, 5:8
 PLANTS, edible, of Arctic Region, 4:16

PLASMA, blood pressure and pulse response to transfusion of, 9:14
 distribution and use of, 7:23
 dried, analysis of reports on, 2:10
 mumps orchitis, therapy in, 9:13
 Red Cross collection of, 3:18
 PLASTER OF PARIS, technic of application, 1:4; 2:3
 PLASTER TABLE, diagrams of, 9:17
 PNEUMONIA, bacteriology of, 4:1
 penicillin in, 2:21
 PNEUMOTHORAX, altitude and, 3:17
 POISONING, morphine, 8:15
 POISONOUS REPTILES, brochure on, 1:11
 PORTSMOUTH NAVAL PRISON, rehabilitation in, 5:13
 POSTURE, shock and, 4:14
 POTASSIUM BITARTRATE, rubber gloves and, 5:4
 PRATIQUE, granting of at Cristobal and Balboa, 5:22
 PRESSURE, effect of on tissues, 10:3
 PROCAINE HYDROCHLORIDE, nupercaine vs. 12:12
 spinal anesthesia and, 1:14
 PROPERTY SURVEYS, disposition of, 10:30
 PROSTHESIS, dental, correct preparation of patient for, 12:17
 PROTEIN, bed sores and, 7:6
 convalescent diet and, 3:1
 parenteral administration of, 5:4
 PSITTACOSIS, penicillin and, 8:2
 PSYCHIATRY, Portsmouth Naval Prison and, 5:13
 PUBLIC HEALTH FOREIGN REPORT, see Dengue, Cholera, Plague, Smallpox, Typhus and Yellow Fever
 PUBLICATIONS, Army medical, list of available, 11:29
 field, copies for Army Medical Library, 11:29
 special, availability of, 3:19
 PULSE, effect of plasma transfusion on, 9:14

PURIFICATION, water, 10:10
 PYORRHEA, treatment of, use of
 zinc chloride, 7:10
 QUADRICEPS, deficiency, 8:16
 QUARANTINE, regulations for, 8:25
 QUINIDINE, restriction in use of,
 7:13
 QUININE, conservation of, 11:1
 RABIES, incidence, prevention and
 treatment, 4:14
 RADAR, not harmful to eyes, 10:30
 RADIUM PLAQUE ADAPTOMETER,
 distribution, instructions for,
 9:27
 RATIONS, shipwreck, 5:10
 RAW BAR, Bainbridge, 8:18
 RECORDS, filing desk for, 10:14
 medical, exchange patients, 8:27
 RED CROSS, blood donor service,
 3:18; 9:6
 REHABILITATION, hospitalitis
 and, 7:1
 methods of, 2:1
 Navy program, 10:27
 Portsmouth Naval Prison and, 5:13
 RELAPSING FEVER, penicillin in,
 2:7
 RENAL FAILURE, shock and, 13:13
 REPELLENTS, insect, 13:1
 leech, 13:3
 RESEARCH PROJECT REPORTS,
 N.M.R.I., 2:13; 4:16; 6:29;
 9:20; 13:29
 RESEARCH UNIT NO. 1, redesign-
 nation of, 5:22
 RESINS, acrylic, 10:14
 RESPIRATORY DISEASE, dust control
 in, 11:6
 RESPIRATORY TRACT, infections,
 sulfadiazine therapy in, 12:1
 RESUSCITATION, Eve method of,
 10:9
 RHEUMATIC FEVER, care of pa-
 tients with, 9:7
 Corona Naval Hospital established
 for patients with, 7:10

RHEUMATIC FEVER
 treatment of patients with, 8:31
 RIBOFLAVIN, retention of in cured
 ham, 11:4
 ROCKY MOUNTAIN SPOTTED FEVER,
 incidence and treatment of, 13:22
 RUBBER GLOVES, powdering of with
 potassium bitartrate, 5:4
 RUTGERS-612, insect repellent, 13:1
 SALIVARY AMYLASE, dental caries,
 relationship to, 11:22
 SALMONELLA TYPING CENTER,
 establishment of, 6:14
 SALT, conservation in acclimatized
 individuals, 12:12
 convalescent diet and, 3:1
 requirements in hot climates, 4:15
 SALT WATER, galley and, 2:5
 SANITARY CONDITION, vessel,
 U.S.P.H.S. form for reporting
 on, 8:24
 SANITATION, dust control and, 11:6
 SCALENUS ANTICUS SYNDROME,
 13:25
 SCARLET FEVER, sulfadiazine pro-
 phylaxis of, 12:1
 SCOPOLAMINE, use on life rafts,
 5:13
 SCORBUTIC PROCESS, nutritional
 deficiencies and, 6:9
 SCRUB TYPHUS, erratum, 1:3
 terminology of, 11:2
 SERUM, antimeningococcus, to be
 dropped, 3:11
 typing,
 identification of enteric pathogens
 13:4
 method of storing and dispensing,
 2:9
 SERUM ALBUMIN, human, distri-
 bution and use of, 13:35
 normal human, availability of, 8:4
 policy in Navy regarding, 11:4
 17th NAVAL DISTRICT, establishment
 of, 8:20
 SHIGELLA, type identification of with
 sera, 13:4

SHIPWRECK, abandon ship technic,
4:17

~~water~~ and food rationing in, 5:10

white line, use of in, 6:15

water conservation in, 1:16

SHOCK, albumin, use in, 11:4

crush syndrome, 13:13

morphine poisoning in, 8:15

posture in, 4:14

sodium ion in, 6:5

temperature, effect on, 10:8

traumatic, in dogs, 4:13

wounded in, 1:7

SHORE DUTY, limited, enlisted
personnel and, 9:41

SINUSITIS, maxillary, penicillin
in, 2:22

6-2-2 MIXTURE, insect repellent,
13:1

SKIN TEST, sulfonamide hyper-
sensitivity, 9:12

SKIN GRAFTING, wounds, 1:3

SMALLPOX, Africa, Gambia, 12:20

Algeria, 3:19; 5:15; 6:24; 7:15;
9:22; 12:20

Belgian Congo, 9:22

British East Africa, 2:13; 7:15; 8:22;
12:20

Tanganyika, 12:20

British Honduras, 2:13

Egypt, Alexandria, 12:20

Port Said, 8:22; 9:22; 12:20

Suez, 9:23

French Guinea, 2:13; 12:20

Greece, 7:15; 9:23

Great Britain, London, 12:20

India, Bombay, 8:22; 9:23; 12:20

Calcutta, 8:22; 9:23; 12:20

Indochina, 2:13; 3:19; 6:24; 7:15;
9:23; 12:20

Ivory Coast, 12:20

Mexico, 6:24; 8:22; 9:23; 12:20

Morocco, 1:28; 5:15; 7:16; 12:20

Nigeria, 12:20

Niger Territory, 8:22

Peru, Lima, 7:16

SMALLPOX

Senegal, 7:16

Sudan, 2:13; 7:16; 8:22; 9:23; 12:20

sulfonamides in, 10:15

Turkey, 2:13; 8:22; 9:23; 12:20

vaccination of personnel for, 7:16

SNAKES, brochure available on, 1:11

SODIUM PENICILLIN, dating period
extended, 8:4

SODIUM SALTS, shock and, 6:5

SOY BEANS, food and vitamin source,
4:6

SPECIFIC GRAVITY, obesity and,
10:1

SPECIMENS, toxicological, instruc-
tions for forwarding, 13:24

SPECTACLE LENSES, prescriptions
for to be entered in health
records, 5:26

SPIDER BITES, black widow, 12:14

SPINAL ANESTHESIA, 1:14

SPLINTS, Plaster of Paris casts and,
2:3

SPOTTED FEVER, Rocky Mountain,
13:22

STERNUM, parenteral fluid therapy
via, 1:10

STORAGE, biological products, 9:19

STREPTOCOCCAL DISEASES, control
of, 6:26

handling of, 1:8

prevention of by sulfadiazine pro-
phylaxis, 12:1

SUBMARINE, physical examination
for, 12:22

SUCTION, gastroduodenal, apparatus
for, 11:24

SULFADIAZINE, prophylaxis in res-
piratory tract infections, 12:1

SULFONAMIDE-FASTNESS, host
factor in, 5:8

SULFONAMIDES, bacillary dysentery
and, 5:10

blood concentration, determination
of, 8:10

conversion factors for, 8:14

SULFONAMIDES

granulocytopenia, caused by, 10:12
hemolytic streptococcus diseases, use of in, 1:8
hypersensitivity to, 9:11; 9:12
intracranial use, 3:12
oral wounds and, 11:23
otitis externa, treatment with, 11:12
plague and, 5:8
prophylaxis, reactions during, 10:15
smallpox and, 10:15
SUPPRESSIVE THERAPY, atabrine, 9:1
SURGERY, British, in Middle East, 1:3
SUTURES, early postoperative activity and, 11:15
types of, 9:9
SYPHILIS, arsenotherapy reactions in, treatment of, 10:7
dark-field examination of lymph nodes in, 11:9
penicillin in, 8:1; 10:6
TABLE, plaster, construction diagrams for, 9:17
TALCUM, rubber gloves and, 5:4
TANTALUM, surgical uses of, 9:9
TASTE, diet selection and, 4:5
TEETH, prostheses for, 12:17
TEMPERATURE, biological products, storage of, 9:19
operative dentistry and, 11:22
salt loss and, 12:12
shock and, 10:8
TETANUS, toxoid, 4:9
THIAMINE CHLORIDE, not a mosquito repellent, 8:10
THIAMINE, retention of in cured ham, 11:4
THIOUREA, agranulocytosis and, 6:9

TOXICOLOGICAL EXAMINATION, specimens for, shipping of, 13:24
TOXOID, tetanus, 4:9
TRANSFUSION, intrasternal, 1:10
ship's motion, effect on, 13:18
therapy, materials for, 2:14
whole blood, 6:7
TROPICAL ULCERS, penicillin in, 9:4
TSUTSUGAMUSHI DISEASE, 11:2
TUBE FEEDING, convalescence and, 3:1
TWINE, conservation of, 1:24
TYPHOID, Army immunization regulations, 3:16
vaccine, potency period of, 9:19
TYPING SERA, dysentery bacilli and, 13:4
TYPHUS FEVER, Algeria, 1:28; 3:19; 6:25; 7:16; 9:23; 12:20
Arabia, 7:16
Bulgaria, 3:19; 9:23; 12:20
Chile, 12:20
Curacao, 6:25
Ecuador, 5:15; 9:23; 12:20
France, 3:19
Greece, 2:13; 7:16; 9:23
Guatemala, 3:19; 9:23; 12:20
Hungary, 1:28; 2:13; 3:19; 5:15; 6:25; 7:16; 8:23; 9:23; 12:20
Irish Free State, 3:19
Mexico, 9:23; 12:21
Morocco, 1:28; 5:15; 7:16; 12:21
Netherlands, 7:16; 9:23
Rumania, 1:28; 2:13; 3:19; 5:15; 6:25; 7:16; 8:23; 9:23; 12:21
Slovakia, 1:28; 2:13; 3:19; 5:15; 7:16; 8:23; 12:21
Spain, 5:15; 6:25; 7:16; 8:23; 9:23; 12:21
Trinidad, 5:15
Tunisia, 1:28; 9:23
Turkey, 2:13; 8:23; 12:21
Union of South Africa, 9:23; 12:21
Yugoslavia, 12:21

TYPING SERUM, preservation and dispensing of, 2:9
 ULCERS, hypoproteinemia and, 7:6
 tropical, and diphtheria, 9:2
 penicillin and, 9:4
 UNDERWATER BLAST, report of cases of, 8:17
 UNIFORM, changes, 9:24
 field, hospital corps, 11:25
 URINARY AMMONIA, source of, 7:6
 VACCINATION, overseas travel and, 6:1
 record of for overseas air travel, 3:28
 Rocky Mountain Spotted Fever, 13:22
 VACCINE, influenza, 8:6
 oral, for colds, 5:7
 typhoid, potency period of, 9:19
 yellow fever, potency period of, 4:2
 VD CONTACT REPORT, addition to in Medical Department Manual, 12:25
 form and procedure for, 12:25
 VENEREAL DISEASE, ambulatory treatment of, 13:34
 leaflets, distribution of, 6:28
 penicillin in, 5:8; 10:6
 V-51 R(NDRC) EAR DEFENDERS, availability of, 12:16
 VITAMIN C, function of, 6:9
 VITAMIN K, antidote for dicumarol, 13:11
 VITAMINS, Bainbridge raw bar, 8:18
 convalescent diet and, 3:1
 retention in cured pork, 11:4
 V-12 PROGRAM, notice of continuation of, 7:13
 WATER, fluorine in, 3:17
 life raft requirements of, 1:16
 purification of, 10:10
 rationing of in life rafts, 5:10
 WEIL'S DISEASE, penicillin in, 8:3
 WELLCOME, Sir Henry, medal, original papers for, 7:14
 WHITE LINE, abandon ship procedures and, 6:15
 WHITE SOAP, effect of on wounds and burns, 13:21
 WOUNDED, care of, 6:16
 WOUNDS, British treatment of, 1:3
 care of, 6:16
 head, chemotherapy of infections in, 12:10
 infection of, 4:2
 oil, removal of from, 6:3
 oral, sulfonamides in, 11:23
 pathology of, 11:9
 penicillin in, 2:19
 Vitamin C and, 6:9
 X-RAY FILMS, hot weather and, 9:16
 X-RAY THERAPY, gas gangrene and, 7:7
 YELLOW FEVER, Belgian Congo, 12:21
 Brazil, 9:23; 12:21
 Cape Verde Islands, 6:25; 7:16
 Colombia, 3:19; 5:15
 French Guinea, 1:28; 7:16
 Gold Coast, 5:15; 7:16
 Ivory Coast, 7:16
 Lisbon, 6:25
 Portuguese Guinea, 2:13; 5:15
 Senegal, 1:28; 5:15
 Sierra Leone, 5:15
 vaccine, potency period of, 4:2
